

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the National Debt and the government bailouts of UNION COMPANIES.

Having Run for local Union President while an employee of BellSouth Telecommunications I realize that the dues are not a requirement for being in a Union company. However, and especially in the Umbrella companies in the Bell system the union negotiates the wages for all including subcontractors. Eliminating the due completely and replacing it with an International TAX with a small collection fee that with 100 percent participation from all employees including management would support the government and the union.

Without relying on the poor and lower middle class citizens to be over burdened by continued TAX INCREASES.

Sincerely,

James Gilliam
